NEW WAY EXTERIORS

BUILDER & GC
CAPABILITIES

One exterior.
One accountable partner.

Siding-led exterior scopes for builders and general contractors across Charleston and the Lowcountry.

01 / EXTERIOR SERVICES

Siding

James Hardie fiber cement, engineered wood and vinyl. Cladding, trim and integrated flashing.

Roofing

Asphalt shingles and standing seam metal. Replacement, deck inspection and roof-to-wall details.

Windows

Impact-rated and energy-efficient replacements. Pan flashing and air sealing at openings.

Doors

Entry, patio, French and sliding systems. Sill pans, subfloor checks and weather sealing.

Painting

Exterior substrate preparation, priming and coatings selected for heat and humidity.

Decks

Wood and composite decking, framing, ledgers and railings with coastal moisture detailing.

02 / SPECIALTIES & COASTAL DETAILING

James Hardie fiber cement · Vinyl siding · Siding & rot repair
Standing seam metal roofing · Storm-damage roof repair

Salt exposure, wind-driven rain, heat and humidity inform material selection, corrosion-resistant fastening, drainage planes and flashing at transitions.

03 / CHARLESTON & LOWCOUNTRY COVERAGE

Charleston · Mount Pleasant · Daniel Island · Kiawah Island
Isle of Palms · Sullivan's Island · James Island · West Ashley · Summerville

We confirm the permitting authority for your address before quoting.

Send us your plans.
